

## Welcome new members,

and THANK YOU for joining our organization! Returning members - welcome back! This semester, our organization is seeing record highs in membership, and we are thrilled that so many MSU students are interested in gaining some hands-on, real world experience in marketing.

Our 12 project groups are assembled and ready to begin. We chose the project groups based on the different interests and levels of experience of members, and tried to maintain a diversity of both in each group. We hope you are satisfied with our selection, and we know that each project will offer its members valuable marketing experience and opportunities.

### List of Projects 2008
